About us

ACRNS Analytical Technologies Pvt. Ltd is an established company that provides analytical consultancy, distributorship, and training services. Our training vertical focuses on developing knowledge, skills, and soft skills. The aim is to make candidates ready for industry and research.

Successfully Organised

1) ByoEdu 2019 Conference with D.Y Patil college
2)Multiple Training Courses on LCMS, HPLC, GCMS, IR, SPR, Raman, Elisa and NMR with 500+ students from across the Globe.

Why enroll in this training?

Gain a deep understanding of LCMS, learn industry best practices, access comprehensive materials, and get interview ready!

Agenda

Pre-Reading material	Registrants will be provided with pre-reading materials to review at their own pace, helping them become familiar with key terms and concepts. These materials will be distributed one week before the start of their selected batch. There will be no online sessions during this week, and a test based on the material provided will be conducted at the end.
Main Training week	Main Training week (Day to day agenda in next page) Daily online sessions from 7 pm to 8.30 pm (Monday to Friday, no session on Saturday)
Presentations	On Sunday, each participant must upload a 5-minute video explaining what they have learned from the training program. A questionnaire session will also be conducted.

Agenda of Main Training week

DAY 1	DAY 2	DAY 3	DAY 4	DAY 5
• Introduction to Proteins • Basics of High-performance Liquid chromatography	Basics of Mass spectrometry – Deep insight on the different components of LCMS and it's working	LCMS- Data Interpretation	What are Quality Attributes? And why is it necessary to analyze them?	What is the standard practice in validating Identity?

- **Questionnaires after each session**
- **Interactive lectures**
- **Present technical aspects for certification.**
- **Follow-up session in 15 days or 1 month for queries**

Online Training Course on LC-MS

Timing- 7 pm to 8.30 pm

We have offered 7 batches. Participants can choose their preferred batch. Batch details mentioned in the Registration form

PARTICIPANT	PRICE
Academic students	₹499
Industry experts	₹2999
